The approval as the planning authority issued it, reproduced in full behind this page.

An approval speaks to what was sanctioned, not to what was built. Completion is a separate record.

The image contains two architectural drawings of a building. On the left is the 'FRONT ELEVATION', showing a symmetrical facade with two windows on the upper level and a central entrance with a horizontal-slatted door. The ground level is marked 'GL' on both sides. On the right is 'SECTION AB', a vertical cross-section of the building. It shows a three-story structure with a total height of 7.95m. The ground level is also marked 'GL'. The section includes a parapet wall at the top, followed by a weathering course, an R.C.C. roof slab, and a lintel concrete sunshade. The upper two floors are constructed with brickwork in a 1:1.5 ratio, with R.C.C. roof slabs and sunshades in between. The ground floor has a brick wall, a concrete floor (1:1.5 ratio), and sand filling at the base. The width of the building is 6.56m. Vertical dimensions are provided in meters: 1.2000m for the parapet, 3.0000m for the upper floor height, 3.0000m for the middle floor height, 0.4500m for the ground floor height, and 6.7500m for the total height of the main structure.

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
