SCALE :1:100

The image contains two architectural drawings of a building facade and section.

FRONT ELEVATION: This drawing shows the front elevation of the building. It features a parapet wall at the top, followed by a row of windows. Below the windows is a decorative band with a repeating geometric pattern. Further down are two more windows, and at the bottom is a base with horizontal lines. A vertical dimension line on the left indicates a height of 7.30 units.

SECTION ON -AA: This drawing shows a cross-section of the building. It includes a parapet wall at the top, followed by a weathering course. Below this are two floors, each with a lintel (RCC 1:2:4), brick work (CM 1:6), floor finish, and PCC for the basement (1:5:10). The base of the section is filled with sand. Vertical dimensions are provided: 3.50 units for the first floor height, 3.48 units for the second floor height, and 0.90 units for the base height. A horizontal dimension of 3.48 units is also shown for the width of the section.

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
