The approval as the planning authority issued it, reproduced in full behind this page.

The image displays two architectural drawings of a building: an elevation and a section.

ELEVATION: This drawing shows the front facade of a two-story building. The ground level is marked with 'G.L.' at two points. The building features a central entrance with a door and a window, and a staircase on the right side. A red dimension line indicates a height of 2.60 from the ground level to the top of the building.

SECTION ON "AB": This drawing shows a cross-section of the building. The ground level is marked with 'G.L.' at three points. The building is shown with a foundation, sand filling, cement flooring, brick work with CM, and R.C.C. roof with C.C. 1:2:4 mix. The total height is 6.82. The dimensions are as follows: 0.60 (foundation height), 1.42 (sand filling height), 3.00 (brick work height), 0.11 (R.C.C. roof height), and 0.60 (parapet wall height). The total height is 6.82.

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
