APPROVAL RECORD

Planning Permission

Tiruchirappalli district, Tamil Nadu

APPROVAL TYPE

Building Plan

ISSUING AUTHORITY

Rural Panchayat

The approval as the planning authority issued it, reproduced in full behind this page.

An approval speaks to what was sanctioned, not to what was built. Completion is a separate record.

The image contains two architectural drawings of a building. The left drawing is an elevation view showing a building with a total height of 4.90 units. It features a central entrance with a door and two windows on either side. The roof has six small square vents. The right drawing is a section view showing the internal structure. It includes a parape (parapet) with a height of 0.20 units, an R.C.C. roof slab with a 1:2:4 ratio, a lintel cum sunshade, brickwork in 1:5 cement mortar, tiles flooring, and a P.C.C. (Pre-Cast Concrete) base with a 1:5:10 ratio. Internal dimensions show a room height of 2.89 units and a total section height of 3.90 units. The ground level is marked as 'GL' at the base of both drawings.

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
