APPROVAL TYPE

Building Plan

ISSUING AUTHORITY

The approval as the planning authority issued it, reproduced in full behind this page.

The diagram illustrates a rain water storage system. It features a large, rectangular storage tank with a grid-like structure on its top surface, likely for solar heating or filtration. A pipe is shown entering the side of the tank. Below the tank, a cross-section of the filter media is shown, consisting of a layer of brick bats (labeled 'brick bat filter media') and a layer of r.c.c. cover (labeled 'r.c.c. cover').

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
