This particular wall portion was demolished and the geotagged photo was attached separately.
This portion of the compound wall has not been constructed blocking the layout road. This wall has been jointly constructed by both parties along his boundary to mark the division between the two properties. Both we and the neighbor jointly shared the expenses for constructing the wall. The wall has been built leaving a width of 10 meters for the tar road. Furthermore, the neighboring property owner has a separate access road in front of their plot.
Access road for the particular adjacent land
Pathway
This road was dead end so we built the compund wall with the consent of the neighbouring house owners. All the adjacent houses have a pathway in front of theirs houses.

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
