   WERE HANDED OVER TO THE LOCAL BODY VIDE GIFT DEED DOCUMENT NO.6852/2024, DATED:26.10.2024 @ SRO POONAMALLEE.

CONDITIONS :

(I) THE FOLLOWING CONDITIONS OF PWD VIDE THE CE, WRD, CHENNAI REGION, CHEPAUK, CHENNAI-5 IN LETTER NO.DB/T5(3)/F- NOC 3855 KAVALCHERY VILLAGE 4921/2024/DATED:24.06.2024, ARE TO BE COMPLIED BY THE APPLICANT BEFORE ISSUING OF THE LAYOUT APPROVAL BY THE COMPETENT AUTHORITY (LOCAL BODY)

1.The applicant's land should be filled with earth filling with proper compaction to the minimum Level of 26.360m Ie 2.120m above the datum as Sill level of Thirumazhisai Tank Sluice (Kavalchery Tank) which is (+)24.240m-to protect the site from inundation during floods. The process of earth filling and compaction should be done in layers of not more than 0.30 metre depth to achieve required degree of compaction for the depth from 1.43m to 1.53m depending upon the existing field levels. Also, the applicant should provide emergency pumping operation for the seepage water, if it is proposed to have basement floor and as well as dewatering arrangements during flood periods. The all round pavement level within the site should not be less than (+)26.360m and the applicant is suggested not to have regular habitation below MFL

2. The applicant should clearly demarcate the boundary of his land before commencement of any developmental activities in the presence of Revenue and WRD authorities. The applicant should also maintain the measurement of the channel as per Revenue records without any encroachments and should be maintained as per Revenue records (FMB)

3. The permission granted to the applicants, should not be altered / modified / changed to any others. Based on the records submitted by the applicants, the permission is granted. If any documents seem to be fake / manipulated / fabricated, in future the above permission will be cancelled without any correspondence. Hence, the applicants are solely responsible of genuinety of the documents submitted.

4 The WRD officers should be allowed to inspect the site at any time, during execution and thereafter, if necessary. Advance intimation should be given to the WRD officers concerned before commencement of work
[6:04 pm, 28/6/2024] Stephen Bernard: 5. The applicants should abide by the rules and regulation of the WRD from time to time. The applicants should also abide court of law of both State & Central Government from time to time.

6. WRD is giving opinion only in connection with the inundation aspect and does not deliver any rights to the applicants to encroach the WRD / Government Lands /river. The NOC for this site from the WRD is purely issued on the basis of inundation point of view

7. The applicant should not carry out any other cross masonry structures across the channels without prior permission from WRD. If any damages occurred to the channel, the same should be restored to its original condition at applicant/ authorities concerned should restore the channel vide G.O. 78 H&UD (UD4(3)D/04.05.17 if the applicant site abuts the Channel without fail.

8.The applicant should not object at any time for the maintenance works / improvement works of the channels which are proposed to be carried out by WRD. The applicant should give an undertaking in writing to the effect that the above proposal will not obstruct in case any maintenance / improvement / development works as per Revenue records [FMB], which are proposed to be carried out by WRD in future periodically.

9. The Government Channel in S.F.No.360/1 on Northern side of the applicant land should be completely desilted and resectioned by constructing retaining wall on either side of the channel with concrete bed as per the FMB upto their stretch at the applicant's own cost. The bed level of the above channel should be ascertained and restored before commencing the development activity in the presence of the concerned WRD Executive Engineer. Moreover, the width of entire channel as per Revenue records (FMB) along & within the stretch of applicant's land should be maintained properly without any change and without encroachments.

10. The Government Channel in S.F.No.360/1 stretch abutting the applicant boundary should be marked as per FMB and monitored and maintained by the applicant at their own cost. The width of the channel should be maintained without encroachments as per Revenue records and the hydraulic parameters of the field channel should be maintained. The applicant should make necessary periodical arrangements for free flow of water through the existing channel to the downside area within the proposed layout site. Also, the applicant should de-silt the channel periodically and remove the abstruction then and there without any hindrance for free flow of water at his own cost within the proposed land, after the completion of project also.

Technical Suggestion:

(a). The applicant should prepare the layout proposal by considering the suitable internal storm water drainage network drain of suitable size within the site as per site condition. The same should be connected to the local drain / channel, rainwater harvesting, roads with road side drain and sewerage treatment and its disposal and garbages / debris and other solid waste management as per norms in existence within the applicant's land according to existing rules in force and should get proper approval from competent authority without fail

The sewage or any unhygienic drainage (Treated or Untreated) should not be let into drain/channel/ course at any cost and the debris and other materials should not be dumped into the drain/surplus course obstructing free flow of water. The applicants should make drainage network, at their own cost and the same is to be connected to natural storm water drainage/channel. There should not be any hindrance to the free flow of internal drain to downstream.

(b). The necessary setback distance as per site condition as per the norms in existence and as per the rules in force of CMDA (as per the circular issued by the office of the Commissioner of Town & Country Planning, Chennai - 2 vide Roc. No.4367 / 2019-BA2 / Dated: 13.03.2019) during development and there should not be any construction activities in future also, the CMDA should issue completion certificate only after obtaining compliance certificate NOC from WRD.

(c). The applicants should get clearance certificate for this site from the Revenue department to make sure that the site is not an encroached property from the water body as well as confirming this proposed site boundaries,

(d). The sewage water from the applicants' land should not let into the drain and for the disposal of the sewage water, suitablo arrangements should be made for the same by the applicants, and as well as the construction materials/debris / garbages shou'd
not be dumped into the River / Eri/Channel/Pond at any cost. At any cost, sewage/sullage should not be let into River/En/Channel/Pond and the garbages, debris and construction materials should not be dumped into the
River/Eri/Channel/Pond restricting the free flow of water.

The owner of the document received from the applicants in respect to the ownership is purely of applicants' responsibility and it is only for reference purpose to this department. The legal validity of this document should by, verified by the Development / Revenue authorities. The specific remarks on inundation are purely issued on technical grounds in respect to the physical location of land.

Failing to comply with any of the above conditions, WRD reserves rights to withdraw the Technical opinion on inundation point of view to the above proposed site and in event, the applicants shall not as well as legal entity

(II) LOCAL BODY SHOULD ENSURE COMPLIANCE OF ALL THE CONDITIONS STIPULATED BY WRD IN THEIR LETTER NO.DB/T5(3)/F- NOC 3855 KAVALCHERY VILLAGE 4921/2024/ DATED:24.06.2024, AND SHALL OBTAIN A LETTER FROM PWD CONFIRMING THE COMPLIANCE OF THE CONDITIONS BEFORE THE SANCTION AND RELEASE OF THE LAYOUT.

(III)TNCDBR-2019, RULE NO: 47 (9) IN G.O(Ms) No.18,MAWS DEPARTMENT DATED:04.02.2019 & AMENDMENTS APPROVED IN G.O.Ms.No.16,MAWS (MAI) DEPARTMENT DATED 31.1.2020 AND PUBLISHED IN TNGG ISSUE No.41, DATED 31.01.2020.

LAYOUT OF HOUSE SITES IN S.No. 360/2C & 360/3 OF KAVALCHERI (VAYALANALLUR-B AS PER PATTA) VILLAGE

SCALE-1:800 (ALL MEASUREMENTS ARE IN METRE)

THE LANDLENS SUITE

Eight ways to know a piece of land before you pay for it.

This report covers one part of the picture. These cover the rest, drawn from the same government records, for any property in Tamil Nadu.

LandLens One
Ask anything about a property and get an answer grounded in live government records, with the sources shown.
/landlens/one

Verify My Land
Every record check run on one property and returned as a single report.
/landlens/verify-my-land

Legal Opinion
An advocate's written opinion on the title, built on the records we pull for it.
/landlens

One Map
Every layer on one map: the parcel, its boundary, zoning, water bodies and what sits around it.
/landlens/one/map

PriceMap
What land actually changed hands for around this plot, taken from the registered deeds.
/landlens/pricemap

Build Scope
What you are allowed to build here: floor space, height, coverage and setbacks.
/landlens/build-scope

Property Tracker
Watch a property and hear about it when something new is registered against it.
/landlens/property-tracker

Deal Room
Run the transaction in one place: documents, stamping, signatures and the parties.
/landlens/deal-room

FREE TOOLS · NO ACCOUNT NEEDED

Twenty-four checks you can run yourself, at no cost.

Records and verification

The registers themselves, read for you.
