AFFIDAVIT

We, **M/s. SKS INTERNATIONAL VENTURES LLP** hereby state that the wall at the end of the public road was constructed solely for safety purposes due to the level difference on the northern side. The ground beyond the wall is approximately 5 feet to 8 feet deep, and the wall was provided to prevent accidental falls and injury to the public. The wall was not constructed with any intention to obstruct the public road already handed over to the Local Body through Gift Deed. The same was constructed only considering public safety and the existing site condition.

Prepared from the registers named on the page each finding sits on. Where a register could not be read, this document says so in its place rather than leaving the gap to be read as a clean result.
